This is better than the BRING YOUR GUNZ posts. I think those are FBI agents and leftists trying to entrap us and set us up.

I don't think so (at least in most cases), but do be careful. Don't do or say anything you don't want to answer for.

I think you're right. They know it's your right to bear arms, but they'll as usual find an excuse to make it seem like it's going to turn into a violent riot and then start arresting peeps.

Though thinking about it, that actually might be good for us.

Great idea because all of those items make offensive weapons until we can get the gallows built. Great idea, pede.

Gallows or guillotine? I think guillotines are more traditional for dealing with oppressive governments.

Drill holes somewhere closeby and put eye hooks in with epoxy about 3-4 days before to allow them to properly cure and have their strength.

use eye hooks as needed in a few days for tying a clotheslines to dry your clothes in case they get dirty

Love that Euro's idea of surrounding the exits, including the secret ones. However, I doubt anyone knows the location of the "secret" ones. If one mob has succeeded in bringing us to this point, turnabout is fair play. Lets go Pats!!

The pew-pews are for defense, to prevent the necessity of their use.

Just like the wood, nails, hammers, and rope.

Message will be much stronger where there are traitors against the people hanging all over the capitol. Just shooting them doesn't send the right message.

Wooden rifle cutouts, painted blaze orange. They can't be mistaken for real. The message can't be ignored.

Maybe all our woodworker-pedes can cut out a trunk-full and run guns to arm our freedom fighters on the 6th in DC.
